

Quality, Health, Safety and Environment Policy

Enfinity Global is committed to developing value-added solutions to enable the transition to a global **Net Zero Carbon Sustainable Economy** while maintaining robust standards in Quality, Safety, Health, and Environment (QHSE).

Our QHSE policy is integral to our operations and is guided by the fundamental belief that workplace injuries, occupational illnesses and environmental incidents must be prevented.

Our QHSE philosophy emphasizes the adoption of sustainable “safe work” practices and “first-time-right” quality processes throughout our entire business life cycle.

These policies are **designed for the protection of the ecosystem, our communities, employees and partners, and the reliability of our assets.**

To fulfill this commitment, Enfinity will:

- Support** a culture of QHSE
- Commit** resources to be best-in-class in QHSE
- Integrate** system into all operational activities
- Comply** with all applicable legal and regulatory standards
- Meet** the QHSE expectations of customers, investors and partners
- Strive to continuously **improve** our QHSE performance
- Clearly **communicate** our QHSE policy, including with appropriate contractual support to ensure compliance

This policy provides a framework for establishing, maintaining, and reviewing Enfinity’s QHSE procedures, processes, and objectives. This policy will be reviewed periodically to ensure our continued commitment to its principles.

CARLOS DOMENECH
CEO, Enfinity Global
